11 Summer Safety	12 <b>Field Day</b>	13 <b>Field Day</b>	<b>Wishing You All</b>	
<b>A Happy, Fun, And Safe Summer</b>				

Dear Parents,

Welcome to June - I can't believe the end of the year has arrived!

These next two weeks we will be learning about bug's life, putting together our journal books with pages from all our themes, and having field days. We will be reminiscing about all our favorite activities of the year.

At Circle Time we will be talking about "summer safety".

**All school picnic is Wednesday June 6<sup>th</sup> at 5:30 Orleans PreSchool Playground  
(Rain Date: Thursday, June 7<sup>th</sup> same time same place!)**

Field Days are Tuesday and Wednesday 6/12 & 6/13. \*\*\*\*Please dress your children in socks, sneakers, shorts/pants, and short sleeve shirts to be most comfortable for outdoor games.

☺ Skills we are working on during this month ☺

**Fine Motor** - name writing, assembly of our journal pages

**Large Motor** - climbing, pumping on the swings, ball bouncing and shooting hoops, field day games!

**Language Development** - learning new words that correlate with our themes: metamorphosis, cocoon, chrysalis,

**Math Skills** - counting, puzzles, sorting

**Science Skills** - body parts of an insect, life cycle of butterflies

**Social Studies** - where do butterflies go in the winter - Mexico?

It has been a terrific year and we have enjoyed working with your child. Thank You for trusting us to guide your child during this Pre-K year. We hope you all had a good year too.

Have a terrific summer!! Relax; enjoy the warm weather, the beach, and those very precious moments with your family.
